ADVICE TO WOMEN

If you would protect yourself from Painful, Profuse, Scanty, Suppressed or Irregular Menstruation you must use

BRADFIELD'S FEMALE REGULATOR

CARTERSVILLE, April 20, 1890.
This will certify that two members of my immediate family, after having suffered for years from Menstrual Irregularity, being treated without benefit by physicians, were at length completely cured by one bottle of Bradfield's Female Regulator. Its effect is truly wonderful. J. W. SCLANON.
Book to "WOMAN" mailed FREE, which contains valuable information on all female diseases.

St. Vitus Danco Cured I. VIII.
SAN FRANCISCO, Cal., February, 1890.
My boy, 13 years old, was so afflicted by St. Vitus Danco that he could not go to school for two years. Two bottles of St. Vitus Danco Nerve Tonic restored his health, and he is now attending school again.
MICHAEL O'CONNOR.
BALTIMORE, June, 1890.
I used St. Vitus Danco Nerve Tonic for nervous trouble caused by overwork, and found it all that it claimed to be. After using one bottle it had the desired effect, and I can truly recommend it to all suffering a like complaint, as a really wonderful remedy. SAMUEL THERW.
For seven years my eldest daughter had fainting spells and spasms. Last June she took the first of St. Vitus Danco Nerve Tonic, and since that time they have entirely ceased.
JOHN GLOCKNER.

FREE Valuable Book on Nervous Diseases sent free to any address. This book contains full and complete information on all the latest and most reliable methods of treating all the various forms of Nervous Disease. It is a real treasure to all who are afflicted with any of the above named troubles. Write at once for your free copy.

VALEDICTORY.

A sudden turn in the wheel of fortune places the News in new hands. On Monday morning, Geo. W. St. Clair, Esq., one of our brightest young lawyers and an experienced newspaper man, and Mr. A. D. W. Walton took charge and will no doubt give the readers of the News a bright and newsy paper.

The undersigned is too ardently devoted to the future development of this section, to sever entirely his connection with the newspaper fraternity. A purpose remains to him to drive a nail in a sure place as occasion may offer.

Like disaffected lovers, the thrilling recollections of the past may modify the momentary pain of separation, but a hope of restoration will stay the suicidal hand. Writer and readers may meet again, to recount the rapid growth of this section and rejoice at the material and educational advancement.

We bespeak for the new management the material and sympathetic support necessary to enable it to reach a grand success. To our readers we wave a parting salute; to the News, dear heart, goodbye.

J. P. KELLY.

LOCAL AND GENERAL NEWS BRIEFS.

The Dr. Baker trial is now in progress at Abingdon.

We regret to report Miss Carrie Spotts on the sick list.

We are glad to report that Miss Nannie Rose Fudge is convalescent.

Don't dodge an insurance agent—be fearless and stand the fire like a man.

We are glad to note the presence of Mr. and Mrs. W. D. Kroll on our streets.

Messrs. Chapman & Gillespie leave for Baltimore Monday evening on legal business.

Go at once to I. Frank & Co's and get one of those nice odd suits, at 10 per cent. on cost.

Mothers will be sorry to learn of several cases of whooping cough amongst our young folks.

When twelve more miles are built the Seaboard Air-Line will run direct from Portsmouth to Atlanta.

The Feagle's trial will be commenced the second Monday in February in a special term of the Circuit Court.

Col. James S. Browning, of Pocahontas, and Mr. Hicks, of Graham, were in town Tuesday, attending county court.

County court gave way this month to the prolonged case of Charles Scott vs. the N. & W. R. R., in the Circuit Court.

An exquisite white camellia in Dr. Hargraves store window has been attracting universal admiration from passers by.

We have 35 or 36 odd suits left from fall stock, which we offer strictly at 10 per cent. on cost, to clean them out.

Master Ed. Watts, the eldest son of our popular Marshall, is very ill at the Central Hotel. He is nursed by his aunt, Mrs. Kroll.

Mrs. H. C. Alderson has been confined to her room for some weeks by sickness, but we are glad to learn she is improving.

On account of sickness the Rev. W. R. Savage was unable, at the last moment, to fill his appointment at this place last Sunday.

Under the able workmanship of Messrs. Wells & Hudson, Mr. Geo. W. St. Clair's pretty cottage north of town is nearing completion.

We are under obligations to Messrs. Bowling, Spotts & Co., of Staunton, Va., for the handsomest calendar we have seen this season.

We understand there is only room for one more boarder at the male college. This fact ought to be very encouraging to Prof. Ferguson.

A cold "northeaster" made business on our streets very unpleasant on court day. It was followed by the coldest night experienced this winter.

The sudden thaw and heavy rains last Saturday caused several land slides on the Clinch Valley Division, making arrival of trains very irregular.

Mr. H. W. Pobst's telephone line is proving itself of great use to the citizens in reporting the arrival and departure of trains; also in delivering and dispatching telegrams.

Russell B. Harrison says he is heartily sick of playing the role of President's son. No doubt he will not suffer after 4th of March, 1893.

Dodge all life insurance agents and come to I. Frank & Co's and buy one of those odd suits, which will keep cold out and you will live longer.

By a vote of ten to two the Senate committee has decided to report adversely a bill for female physicians in female wards of the asylums.

C. T. Anderson, who was running the Altamont Hotel, at Bluefield, at the time of the recent fire, has taken charge of the Hoffman House at Radford.

Rev. W. A. Simmons will preach at the Christian church next Sunday night. Subject: "The Sleeping Christian and what he loses." All cordially invited.

A Graham special in the Richmond Dispatch says that the N. & W. passenger train from Norton, was wrecked near St. Paul, Thursday, and Fireman Richardson was killed.

It is not every day you can get odd suits at ten per cent. on first cost, but I. Frank & Co. are offering all their odd suits and pants left from fall stock at 10 per cent. on first cost.

The funeral of W. L. Richardson, who was killed in a wreck on the N. & W. R. R., near Artrip, Russell county, took place, with Masonic honors, at the Citizen's Cemetery last Friday.

Horsehead Bill Davis has escaped but you can't afford to escape this chance of purchasing one of those odd suits at I. Frank & Co's when you see them. Only ten per cent. on first cost.

The Elkton cutlery factory is in full blast, making knives as rapidly as possible. This is the pioneer industry of the kind south of Mason and Dixon's line, and promises to pay handsomely.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Mr. Alderson, of West Virginia, wants a committee of seven to investigate the census bureau. We should think it would require seventy times seven to get at the bottom of all the facts.

Circuit Court, it seems, will never end, but those odd suits at I. Frank & Co's will soon be gone at only 10 per cent. on cost. Come at once if you want one as they will not last as long as Circuit Court.

Mrs. Emile Low, of Cedar Bluff, spent last Saturday and Sunday in town with friends. We understand she is about to leave for her home near Pittsburgh, Pa. Her many friends in this section will be sorry to hear of her departure.

Mr. Jeff. Higginbotham, who was an infant heir at the time his father sold the land on which the growing town of Bluefield was built, has brought suit against the Norfolk & Western Railroad Company and other land holders for \$250,000.

Mr. Workman, who has been reading law under Judge Coulling, was examined by Judge Bolen Wednesday, and was granted license to practice law in this State. We understand his examination was more than satisfactory to the Judge.

With a bottle of Ayer's Cherry Pectoral in the house, you have an effective remedy for all sudden attacks of throat and lung troubles. An hour's delay may lead to serious consequences. No household should be without this wonderful medicine.

Mr. W. G. Harrison has made arrangements with the railway company by which he is permitted to run his cars up to the station. This will make it much more convenient for passengers, as well as in the handling of freight and express matter.

A group of men stood about an individual who had just been pulled out of the river as he was going down the third time. "Give him some whiskey," said one. A murmur came from the nearly drowned man. Some one put his ear down and listened. He said, "Roll me over first, and get some of this water out. It'll weaken the liquor." —Atlanta Journal.

The two prevailing epidemics in town are in grippe and life insurance agents. Judging from the success of the latter a great many of our citizens are uneasily contemplating the former.

Col. W. G. W. Jaeger, accompanied by J. N. Harman, left for Florida Wednesday. We sincerely hope these gentlemen will be greatly benefitted by their trip, and will have a pleasant time.

John Thomas Bland, who murdered James Hunter, at the Crawford iron mine, Wythe county, in October last, and who was tried in the county court last week, and was given eighteen years in the State prison, was sentenced Wednesday.

Tazewell C. H. is now almost isolated—owing to the disgraceful condition of our county roads. Our readers will see from an account elsewhere in our columns, that there is now a plan suggested to remove this severe check to the progress of our county.

Mrs. J. C. Spotts met with a somewhat curious accident last Saturday evening. A glass can of yeast exploded in her hand, cutting a small artery in her wrist, causing an ugly gash. We are glad to hear that the wound is healing nicely, and no serious result is anticipated.

Associate Justice Joseph P. Bradley, of the Supreme Court of the United States, died in Washington Friday at 6:15 a. m., January 22d. Justice Bradley's death was caused by a general breaking down—a natural result of his advanced years. He was seventy nine years old.

By a very ingenious and original process, Dr. J. C. Ayer & Co., of Lowell, Mass., are enabled to extract the essential properties of the materials used in the preparation of their famous "Ayer's Sarsaparilla," thus securing a purity and strength that can be obtained in no other way.

The Methodists will hold their Sunday School in the Town Hall next Sunday, the 31st, at 9:30 o'clock. The pastor will preach to the children of the town at 11 o'clock in the Hall. Subject: "The Little Foxes." Everybody invited. He will also preach at the depot at 3 o'clock to the children.

A couple of Bickley Mill boys had a lying bee the other day for the cigars. The first boy started out with: "One day last week the west bound passenger train rolled into Castlewood depot on t—." He never finished the sentence, the other boy turned over the cigars and left for parts unknown.—Bickley Mills Post.

As Messrs. Joseph Crockett and Dudley, of the bustling firm of Dudley, Crockett & Co., of Shraders, were returning home from court, Mr. Crockett came near meeting with a serious accident. On arriving at Whitley's Ridge his horse fell, throwing him severely to the ground, bruising his head and face badly. After a short while, we are glad to learn, our friend was able to continue his journey and we hope in a few days will be none the worse for his contretemps.

The insurance companies on the Luray Inn have arrived at a settlement with the Valley Land Co. for the loss of that property, recently destroyed by fire. The amount of insurance involved in the loss is about \$90,000, of which amount the land company receives \$37,961.95, and also gets all the furniture and everything else saved from the fire. It is not thought likely that the Inn will be rebuilt, since the money received for insurance will be applied to the original purchase of the property.

NOTICE.

On January 1st, 1892, the firm of Bustin & Son was dissolved and was succeeded by the firm of Bustin & Sons. The old firm asks a settlement of all outstanding business, and the new firm will spare no pains to retain the old custom and to attract that of all those who buy groceries.

CHAS. SCOTT VS. N. & W. R. R. CO.

It is generally conceded that the Scott case consumed more time in our Circuit Court than any case ever tried in the history of the county. It was completed on Wednesday and the jury took the case. After the elapse of some time they reported that they could not agree, much to the dismay of counsel and litigants.

The plaintiff was ably represented by Major Henry and Judge Graham.

In this hard fought case they proved themselves veritably to be shining lights in their profession. The defendant was represented by Col. A. J. May, Mr. S. D. May, Col. H. C. Alderson and Judge John H. Fulton, and we feel convinced that the Norfolk and Western Railroad Company could not have selected more faithful lawyers, and they truly deserve the highest praise—their effort in this case will publish their commendation.

WE HOPE TO HAVE GOOD ROADS.

On Wednesday there was a meeting of citizens of the county, held at J. N. Harman's office to discuss the question of the condition of the roads of the county. At this meeting a committee was appointed to draft a new road law to be forwarded to the Legislature. The principal features of the new law, as we understand, are to borrow the sum of sixty thousand dollars in bonds of the county and to expend this amount in macadamizing the chief thoroughfares of the county, and to increase the road levy to a sufficient amount to keep up the roads, pay the interest on the bonds of the county and create a sinking fund each year to discharge the principal of the bonds. Another feature of the bill is to prohibit the County Court from locating any new roads, or making additions to established roads, unless the application shall be accompanied by a recommendation in writing from the Board of Supervisors.

We think the bill as proposed by this meeting a good measure, and hope that it may become a law, and that under it, the roads of the county may be made passable at least. Nothing adds more to the improvement and progress of a county than good roads.

BEATTY'S PIANOS AND ORGANS.

Hon. Daniel F. Beatty, the great Organ and Piano Manufacturer, is building and shipping more Organs and Pianos than ever. In 1870 Mr. Beatty left home a penniless plebeian boy, and by his indomitable will he has worked his way up so as to sell \$1,000,000 of Beatty's Organs and Pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way, that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten months he intends to sell 200,000 more of his make, that means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of the kind in existence—Send to Daniel F. Beatty, Washington, New Jersey, for Catalogue.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 820 Power's Block, Rochester, N. Y.

BUCKLEN'S ARNICA SALVE.

The Best SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles, or no pay required. TAZEWEEL VIRGINIA.

"Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this lamp—THE ROCHESTER. If the lamp dealer hasn't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 patterns from the Largest Lamp Store in the World.

ROCHESTER LAMP CO., 42 Park Place, New York City.
